# imperial® DABMAN OR 1

## STURDY-BUILT DAB+/FM OUTDOOR RADIO

If you are looking for a real outdoor all-rounder, the DABMAN OR 1 is definitely worth considering. The DABMAN OR 1 can also be described as the Swiss Army Knife among radios: in addition to „classic“ radio functions (DAB+ and FM reception as well as Bluetooth music streaming) with decent stereo sound, the versatile device may be used as a flashlight or reading light if required, it has an optical and acoustic SOS alarm function, is equipped with a thermometer and can also be used as a power bank to operate and charge other electronic devices. The highlight of the water-resistant and shockproof all-rounder is its versatile power supply:

besides the obligatory mains operation, the radio can be operated independently of the mains thanks to a 4000 mAh Li-ion battery. In addition, the outdoor all-rounder has a crank and solar cells with which it can be charged if necessary. All in all: its versatility in combination with the optional, mains-independent power supply makes the DABMAN OR 1 the ideal companion on the beach as well as for camping or hiking trips.

# ALL FUNCTIONS AT A GLANCE

## MOBILE DAB+/FM OUTDOOR RADIO

„If you want to feel, you have to listen“ - the DABMAN OR 2 digital radio provides entertainment in every situation of life. In- and outdoor, via mains- or battery operation and if necessary there is power supply via the hand crank or solar panel.

The integrated LED torch with 3 different brightness levels, an SOS signal generator and the power bank function offer real added value for everyone who loves their freedom and being independent. The 2 watt speaker ensures a solid sound and thanks to Bluetooth 5.0, the music can also be played and streamed from the smartphone or other devices.

### Connections

- 1x USB-C (power supply)
- 1x USB-A (power bank)
- 1x 3,5mm headphone jack
